Dear Dr. Lederberg:

I do want to tell you again what a great pleasure it was to have lunch with you last week, and to learn something of your hopes and plans for Rockefeller University. I especially appreciated your willingness to come and meet with the faculty of the Medical College. I hope the interest that was shown in your remarks will be an indication of the eagerness that there is on our part to work constructively together.

I look forward with great enthusiasm to your taking office. Thank you again for having given us so much of your time on Monday.

With all good wishes,

Sincerely yours,

Frank H. T. Rhodes
